

Ref.: 66959

USE

- High resistance aluminium body and ergonomic handle for a better comfort.

FEATURED CHARACTERISTICS

- **PRO** product
- Durable, strong and wear resistant aluminium alloy body.
- Suction cups are made in high quality rubber and have a high suction power.
- The anti-slip handle is made in plastic and has been designed for a better comfort.
- Triangular design for a better stability and sturdiness.

TECHNICAL SPECIFICATIONS

- Body material: Aluminium alloy
- Handle material: Plastic
- Suction cup material: Rubber
- Suction cup diameter: 117 mm
- Max. capacity: 110 kg
- Distance between farthest suction cups: 324 mm
- Dimensions: 33 x 23 x 9 cm
- Net weight: 890 gr

PACKAGING

- Units per box: 1
- Bulk box dimensions: 33 x 23 x 9 cm
- Bulk box net weight: 1120 gr
