

Ref.
03913/03914/03915

USE

Avoid lippage during the laying of ceramic tiles in both floor and Wall tiles.

For tiles from 30x30 cm (12"x12") and bigger. Back-buttering required.

FUNCTIONAL CHARACTERISTICS

INTUITIVE & EASY to use.

IMPACT removal system (by kicking or mallet). Always in the direction of the grout.

GUARANTEE flatness and regularity of the laying surface.

Re-usable wedges.

STURDY pliers with FAST-FIX tightening regulation system, WITHOUT screws. Easier and more intuitive. With SOFT-GRIP handles and protection cover on the pressure lever.
