

Ref.: 17900

## USE

Transport system for large format ceramics, in box or unit format using the SLAB Trans Heavy Duty, SLIM Easy Trans or SLIM Easy Trans Plus systems.

## KEY FEATURES

**SUPER PRO** category.

You can transport formats up to **320 cm x 160 cm**.

Large load capacity of 330 kg.

Max load capacity of the hooks = 100 kg.

**Not compatible** with crossbar sets, they must be removed before hanging the carrier.

## OTHER FEATURES

Gray non-marking rubber wheels, 360° swivel, easy braking and locking of all wheels.

Front bumpers with anti-slip rubber protector and black rubber protector on the front profiles to protect the load.

Height-adjustable lower crossbar for transporting small boxes.

Ease of product transport by folding the stand backwards. Quick folding and unfolding thanks to the fixing knobs without the need for a key.

Rubber bumpers on the sides to be able to support the trolley in a vertical position when it is folded.

Total width of 78 cm less than that of a standard exterior door of 82.5 cm (Europe) or 32" (USA).
