

Ref.: 18983

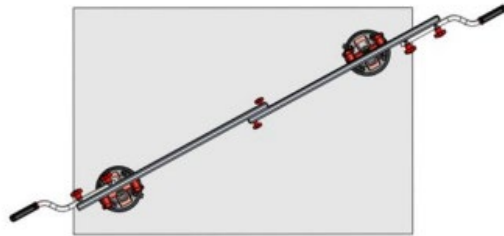

USE

- Transport and handling system for medium and large format ceramics, from 1000 to 2100 mm.

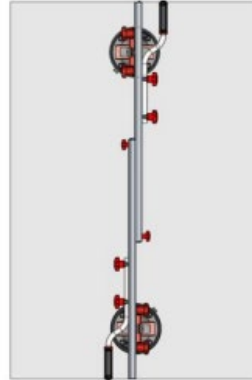

MAIN FEATURES

- Retractable reinforced aluminum profile.
- Recommended thicknesses up to 6-8 mm, max. 55kg load.
- Formats of use – min. 1000 x 260mm – max. 2100 x 1500mm.
- Maximum diagonal work format is 1500 x 1500 mm.
- Soft-grip handles can slide in and out of the top slot in the guides.
- Flat top surface to improve the stability of the ceramic on the table when double gluing.
- The handles can be changed sides or easily removed from the guides (by loosening the knobs) to facilitate the transport of the system.
- Multiple position adjustments of the suction cups.
- EASY FIX system.
- 2 vacuum suction cups Ø 20 cm with high load capacity. They provide a plus of safety and reliability.

- Recommendation of use:

Installing on floor

Installing on wall
