

Ref.: 18976

## USE

- Transport and handling system for large-format SLIM thick porcelain slabs.

## MAIN FEATURES

- Set of 2 retractable profiles (from 170 to 320 cm) made of reinforced aluminum.
- Recommended thicknesses up to 6 mm, max. 80 kg load.
- Use formats – min. 170 cm – max. 320 cm. Adjustable width.
- The optimal recommended grip distance is 700mm (distance between handles).
- The Soft-grip handles can slide and extract through the upper slot of the guides.
- The handles are easily removed from the guides (by loosening the knobs) for easy transport of the system.
- Multiple position adjustments of the suction cups.
- Each guide is suitable for working individually.
- EASY FIX system.
- 6 vacuum suction cups of Ø 20 cm with high load capacity. They provide extra security and reliability.

**NOTE:** Adding suction cup supplements (ref. 18827) does not increase the original maximum load of 80 kg.

## TECHNICAL SPECIFICATIONS

- Maximum load capacity: 80 kg.
- Net weight: 24 kg.
- Dimensions: 1654x254x228 mm.

## PACKAGING

Unitary cardboard box with 1-ink flexography.

Gross unit weight: 27.4 kg.

Sales unit: 1 unit.

Machine dimensions: 1654 x 254 x 228 mm.

Additionally, the SLIM EASYTRANS has a set of perpendicular crossbars (ref. 18819) for greater stability.

## CHARACTERISTICS OF THE CROSSBOARDS SUPPLEMENT (REF. 18819)

Increases the RIGIDITY of the whole.

Facilitates the HANDLING of the pieces.

EASY and FAST to assemble and disassemble.
