

Ref.: 35976

USE

- Rescue system in case of a broken strap from any levelling system during tightening, avoiding additional handling.
- Easy to install, it ensures perfect levelling without the need to remove tiles once they have been laid.

UNIQUE SELLING POINTS (USP)

- • **Time and Effort Saving:** Allows replacement of a broken strap without removing the already installed tiles.
- • **Reusable:** Metal base reusable under normal conditions (up to approximately 10 times with proper use).
- • **Safe and Practical:** If the clip becomes adhered, it can be broken by twisting, preventing damage to the tile.
- • **Quick Identification:** Bright yellow colour to distinguish it from non-reusable bases.
- • **Easy Installation:** Arrow-shaped base indicating the position of the metal part and a long gripping area for easy placement.

OTHER FEATURES

- Compatible with all levelling systems. Can be used alongside any level system.
- Suitable for tiles up to 20 mm thick.
- Fits joints from 1.5 mm up using spacers or crosses. When replacing a broken bridle, this bridle can also serve as a spacer.
- Can also be used as a reusable level system, although DELTA L.S. or CYCLONE L.S. are recommended for greater convenience and speed.
- Uses the same caps as CYCLONE L.S. Compatible with all systems compatible with CYCLONE L.S.

TECHNICAL SPECIFICATIONS

- Dimensions: 40x30x65 mm
- Material: POM
- Thread: Special
- Minimum Joint thickness: 1.5 mm
- Tile thickness: 3 – 20 mm
- Reusable: Yes
- Patented system: Yes (pending)
