ABOUT ME

Multiplatform developer with 3+ years of experience specializing in Flutter (Dart). Passionate about building scalable, high-performance applications with a strong focus on design, maintainability, and user experience. Dedicated to writing clean code and applying best architectural practices to transform ideas into functional, efficient products.

PROFESSIONAL EXPERIENCE

Software Developer 2024 - Present

3 ipunt solucions informàtiques SL Barcelona, Spain

- Developed and maintained custom Moodle plugins used by thousands of clients, ensuring availability and compatibility with the latest Moodle versions.
- Created a gamified application using Flutter and Firebase to facilitate teacher feedback and encourage classroom participation, currently supporting over 230 active teachers and continuously evolving with new features and improvements.
- Provided maintenance and technical support for Moodle platforms for both national and international clients, ensuring daily operational stability and performance.
- Participated in the full development cycle: functional analysis, implementation, testing, and deployment.
- Collaborated with design, QA, and systems teams to ensure the quality and stability of every release.

Technical Support Manager 2023 - 2024

Honei SL Barcelona, Spain

- Provided technical support to clients and resolved issues related to the platform.
- Maintained and updated the corporate website, implementing visual and performance enhancements.
- Developed internal tools for the administration dashboard, improving team efficiency and facilitating management and integration tasks with internal APIs.
- Created Honei Locations, a module built with Flutter and Angular for visualizing and managing partner venues.
- Designed interfaces and prototypes in Figma, collaborating with the product team on new features.
- Optimized internal processes and supported QA efforts to ensure delivery quality.

Mechanical Technician 2007 - 2022

Grup Automòbils Bertran (GAB) Granollers, Spain

- Master Technician for Hyundai and specialist in high-voltage systems (HVT) for electric vehicles, with official certification from the brand.
- Diagnosed, maintained, and repaired vehicles from various brands (Hyundai, Honda, Opel, Citroën), ensuring quality and safety in every intervention.
- Engaged in continuous training on new automotive technologies (electrification, advanced diagnostics, management software).

EDUCATION

Higher Degree in Multiplatform Application Development 2021 - 2024

IOC Barcelona, Spain

Intermediate Degree in Electromechanics of Self-Propelled Vehicles 2004 - 2006

EMT Granollers, Spain
